Junior Room to be Named for Miss Louise Crawford

The Junior Room at City-Memorial Library will be named in honor of Miss Louise Crawford when it is enlarged and dedicated, the board of directors decided Monday.

The room now houses the library's collection of children's books and is very comfortable, said Mrs. Katherine B. Weston, librarian. "Miss Louise Crawford, our library, and until her death, two years ago, did much to help the young people of this city," she added.

Building and savings fund established several months ago but is not large enough yet for construction. The present 12 foot room will be approximately lengthened to 22 feet and will house a glass display

of new members. Mrs. B. Weston, Mrs. W. P. Weston and Mrs. W. P. DuPont were named to the board. They will succeed Mrs. G. M. Russell and Mrs. L. L. Griffith.

Directors will rotate every four years in the future.

The library's displays for National Book Week were praised and given a half page illustration in the June issue of the Mississippi Library News.

Adult reading books received by the library during May were A Wolf at Dusk, Thomas; The Sudden Gums, Cheshire; Best in Books, Doubleday; and Celia Garth, Bristo.

Junior additions were The Cat Who Went to Heaven, Coatsworth; Voluntary Morts, Phillips; Captain Jane, McLeod; Hold Back the Hunter, White; Muley Ears, Nobody's Dog, Henry; Futility the Taper, Moriyman; The Honor of Lawrence House, Dally; Encounter, Holly; Resort Hostess, Sargent; Bomber, Plimo; Cooke; The Unknown Ocean, Adler; Dust, Adler; and Modern American Career Women, Clymer.

HENRY J. DOUSSAN Candidate for Justice of the Peace - Beat 5

This is my formal announcement to the voters of Beat 5 of my candidacy for Justice of the Peace for Beat 5, Hancock County, and I submit this brief resume of my background.

I am a native of Bay St. Louis. I was born April 29, 1914, the youngest of seven children. I presently reside at 116 Carroll Avenue with my wife and six children.

My children have received their education at both the Catholic and Public Schools in Bay St. Louis. I consider myself fortunate to be able to offer to my children the opportunity to receive their education and to experience the wonderful enjoyment of living and growing up in our beautiful city of Bay St. Louis.

I am a member of Our Lady of the Gulf Catholic Church, the Holy Name Society, Knights of Columbus, the Veterans of Foreign Wars and the American Legion.

I am an INDEPENDENT CANDIDATE and am independent from any political ties with political groups. Naturally, I am fully dependent upon your vote to be elected to this office and I earnestly solicit and ask for your vote in the August Democratic Primary.

As to my business experience I am a licensed Insurance Agent representing Bankers Life and Casualty Co. of Chicago, underwriters of the Famous White Cross Plan, offering Life, Hospitalization and Group Insurance in five counties in Mississippi.

I am also a licensed Real Estate Broker handling all phases of Real Estate.

The past 25 years of my life has been devoted to the selling profession and I feel this has afforded me the opportunity to meet and deal with people in all walks of life and given me the experience necessary to hold the position of Justice of the Peace.

If I am elected to this office I promise to serve you fairly and impartially at all times. I will show no favoritism or prejudice but will serve with a sincere devotion to the duties of the Justice of the Peace.

I feel I am capable of independent thought and action and qualified to administer the duties of Justice of the Peace. Additionally I believe the office of Justice of the Peace demands an interest in the problems of our young people and I intend to use this office, if elected, to aid in the development of youth programs.

As I am the father of six children, this has given me additional experience in understanding and dealing with problems affecting our teenagers.

Your vote and support in the August Democratic Primary will be sincerely appreciated.

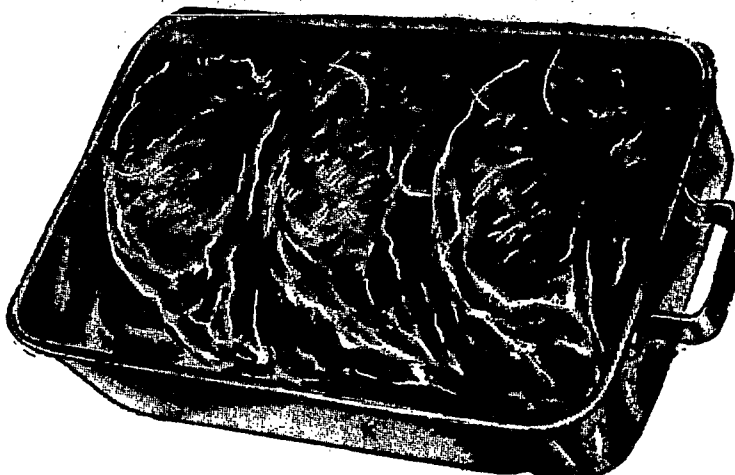

Vote for Henry J. Doussan, an INDEPENDENT CANDIDATE FOR JUSTICE OF THE PEACE OF BEAT 5.

Waveland 3rd, 4th Wards Parish Picnic Set

Over 1,000 members of the Redemptorist Parish in the New Orleans Irish Channel are expected to attend their annual picnic on the St. Stanislaus College campus July 26. A special train has been chartered by the parish for the all-day affair.

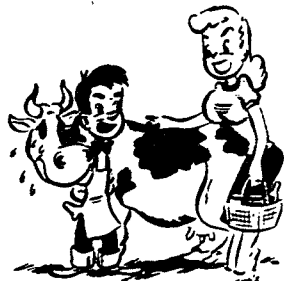

Property valuation in the town of Waveland has increased by approximately \$39,235, according to the records of Town Secretary C. O. Dufour.

He reported decreases in the 1st Ward of \$1,500 and in the 2nd Ward of \$4,225. These were caused by a reduction on the assessment of the beach property from \$32.50 to \$30 a front foot.

Dufour reported increases in the 3rd Ward of \$35,950 and in the 4th Ward of \$9,100, which were credited to new buildings and subdivisions.

The town real estate rolls have been compiled by Dufour, who is meeting with the Town Council this month to go over each assessment individually and

equalize the assessments on real and personal property. Total assessment for the town of Waveland this year amounts to \$2,242,635. Last year's was \$2,197,050.

RUSSELL ELLIOTT
CANDIDATE FOR
JUSTICE OF THE PEACE
BEAT 5

States the following in behalf of his candidacy in the forthcoming Democratic Primary Election.

I will conduct an orderly and dignified court with COURTESY AND JUSTICE TO ALL. At no time will a person be considered guilty simply because they are brought before me by an arresting officer. Each and every case will be heard and no verdict of guilty or innocent will be passed until all evidence has been presented. I WILL ALWAYS BE JUDGE OF MY OWN COURT, WITH NO DICTATIONS BY ANYONE.

Every person will always be given the full protection in their behalf as prescribed by law to all FREE AMERICAN CITIZENS. There will never be anything as KANGAROO COURT or ANY OTHER MOCKERY OF THE HIGH OFFICE OF JUSTICE OF THE PEACE, nor will the power of this Office be abused. . . . Never will the Office be used for rackets or graft. . . .

I have the ability, the physical fitness, education and training to make you a Fair and Reasonable Justice of the Peace. I ask you to examine my qualifications, compare them carefully with other candidates for this office, and I am certain you will find I HAVE THE ABOVE MENTIONED QUALITIES FOR BEST SERVICE TO YOU, and our Community.

Along with other qualifications I spent three and a half years in St. Vincent's Seminary at Cape Girardeau, Mo., studying to be a priest, and I feel that this special training for the most honorable and devoted service to God and fellow man will definitely assist me now to render FAIR, IMPARTIAL AND JUST DECISIONS, with CONSIDERATION, TOLERANCE AND UNDERSTANDING TO MY FELLOWMEN.

I feel punishment alone is not enough and punishment for fine revenue is wrong. It should be always foremost in the mind of a Justice of the Peace to have protection for the innocent, correction of the guilty and punishment with correction and prevention of a recurrence of the violation by the guilty in the future.

I will do all within my power TO ASSIST THE JUVENILE AND YOUNG PEOPLE IN THEIR PROBLEMS OF TODAY, will associate with all Law Enforcement Officers, County Officials and Civic Organizations as a spontaneous effort to add more interest in all Youth Programs.

I sincerely wish to serve you as one of the Justices of the Peace for Beat 5. I can do so with your help and influence and I WILL MAKE YOU A GOOD JUDGE. . . .

Many Thanks

RUSSELL ELLIOTT

ACTIONS SPEAK LOUDER THAN WORDS

R. G. "MANN" HUBBARD

Below is an exact reprint of my speech as Alderman in Waveland, I asked to be on the Board of Supervisors. Read it, and then YOU judge if I have KICK WITH YOU!

I have tried to conduct my campaign as I intend to run my office, if elected, with sincerity, dignity, and honesty. If I felt I was compelled to lie about my opponents to be elected, I would not be a fit candidate for an important office of Supervisor.

There have been many untrue rumors about me. This is not the first time I have come under the fire of lies. In the Waveland election of 1950, the rumors represented facts, told half truths and even actual lies. Because the Waveland Community came first with me, I refused to carry on a mud-slinging campaign newspaper. This sincere and unselfish attitude proved to be what the people as the election results verified.

In my nine years in public office no one has ever dictated to, or controlled me. My first thought has always been, "What will best benefit the taxpayer?" I can accuse me of not having the courage of my convictions. Even if I should my vote goes down for what I believe to be right.

Under the Administration of which I am a part, Waveland has gone forward in a manner as to gain notice of everyone. I sincerely believe if you elect me as Supervisor of Beat 5, I can pull it out of the deplorable state it is in, and really get it bigger and better things.

If a man in Public Office works for the PEOPLE and the COMMUNITY and with no thought of PERSONAL gain, the results are bound to be beneficial.

I will conduct my office as Supervisor as I do my business, being consistent, honest and untiring in my efforts to serve the public.

L & N WANTS TO CONTINUE COMMUTER SERVICE BETWEEN NEW ORLEANS AND PASS CHRISTIAN

Whether we can or not depends on you

There's been a lot of talk about railroads not wanting passenger business. As far as we're concerned, it's nonsense. L & N has always provided safe, comfortable, economical passenger service to the people of the South, and wants to continue to do so.

We particularly want to continue the commuter service between New Orleans and Pass Christian, but whether this service can be continued depends upon increased patronage and revenues. The convenient schedules of L & N passenger trains No. 9 and No. 12 are shown below. On these comfortable, air-conditioned trains, you arrive in New Orleans in the morning, fresh and ready for your day's activities . . . and return home at night, rested and relaxed. Why not try this service?

Car Rams Into Butz Bathroom

A bathroom in the home of Mr. and Mrs. A. J. Butz, Waveland Ave., Waveland, was practically demolished about 1:30 a.m. last Sunday when Julius Thomas, Negro, a Middletown handyman, lost control of his car and plowed into the one story frame dwelling.

Damage to the home was estimated by Butz to be at least \$250. The car, a 1954 Oldsmobile, sustained damages of about \$450, estimated Sheriff's Deputy Carl Garcia who investigated.

Thomas was returning home from a dance when he dozed at the wheel of his car, lost control, became excited, pressed the accelerator, jumped two ditches, plowed through a hedge row fence, over three trees and crashed into the house.

Thomas took a crew of repairmen to the place Monday. Garcia said no charges were filed against Thomas.

Hospital Board...

(Cont. from Page 1)

Board Attorney Sam Favre Jr. suggested writing the laundry that payment could not be made for the Little's personal bills. The \$2.90 charge was approved. Action was deferred on a \$4.66 Superior Supply Co. statement for a 55-gallon metal drum. Reboul said it had been delivered to the hospital for use as a grease trap; but was now reportedly on Little's personal property. Since the hospital has no use for the drum he will see if it can be returned.

The total expenditures for June on the docket were \$2,138.45 after the board withheld for study the above two items.

Study was directed of an elapsed Blue Cross hospitalization policy of one hospital nurse, who reportedly paid a three month premium through Little, then administrator. When she applied for coverage several weeks ago, she discovered the policy has lapsed from lack of payment.

At Reboul's suggestion a \$75 per month pay raise was approved for Laboratory Technician Mrs. Mozelle Watson. She has been handling all laboratory work since Little resigned. The raise effective, July 1, will apply until another technician is hired.

Haas was directed to advertise in a New Orleans newspaper for a hospital administrator and a laboratory technician, in the hope that applicants will be available to interview at the August meeting. Several interested parties already have approached the board about the vacancy.

Hubert Thigpen presided in the absence of chairman K. W. Pepperdine.

70.3 Cents Payment Rate Set for Wool Growers Here

Wool growers of Hancock County will receive a payment of 70.3 cents for each \$1 worth of shorn wool marketed during 1958, chairman Fitzhugh Lee of the Agricultural Stabilization and Conservation County Committee has announced.

The rate represents the percentage necessary to bring the national average price wool growers got for their wool during the year ending last March up to the established national incentive price of 62 cents per pound.

JOHN D. SMITH'S MESSAGE TO THE PEOPLE OF HANCOCK COUNTY

ONLY THE LEGISLATURE CAN FREE YOUR TOLL BRIDGES

The toll bridges at Pascagoula and Bay St. Louis should not be an issue in the Highway Commissioner's Race.

The Legislature passed Senate Bill No. 511 on March 28, 1950, requiring the State Highway Commission to build these bridges. We put the one at Bay St. Louis under contract immediately after the passage of the law.

We were informed that the people of Jackson County did not want a toll bridge, therefore we did not make plans to build this one.

GAVE PEOPLE ANOTHER CHANCE

I told the people that we would wait until the Legislature came back into session in 1952, and gave them the opportunity to kill the law requiring the Highway Department to build the Pascagoula Toll Bridge.

The Legislature met in 1952 and at that session they did not pass a measure to rescind the law. We then made our plans and built the bridge.

There was a provision in the law that required the Governor to appoint a trustee. Governor Fielding Wright appointed the Hancock Bank at Bay St. Louis and the Pascagoula-Moss Point Bank at Pascagoula. It was the duty of the trustees to make a schedule of tolls that would be sufficient to meet the payment of the interest and principal on the bonds, this to be approved by the State Highway Commission. This can only be done on July 1 of each year.

RECENT REDUCTION MADE

Recently we approved a reduction--as of July 1 of this year--in the cost of the coupon book from \$5.00 to \$2.00. The first reduction was from 25 cents to 12 cents. The second reduction was from 12 cents to 5 cents a crossing. The coupon books are good until all coupons are used. We were able to do this as a result of the big increase in revenue at the bridges. We were very happy that we were able to do this, but it was strictly a business proposition, and not a political gesture. Immediately I was charged with playing politics, and the people were asked not to give me any consideration for this decision.

I felt the people were entitled to this reduction, consequently I approved it.

DON'T BE MISLED BY IMPOSSIBLE PROMISES

The opposition in this race is making you a promise now that cannot be carried out. The Highway Commissioner can not free the tolls. I quote the following correspondence from the Attorney General of Mississippi:

July 6, 1959

"Mr. John D. Smith
State Highway Commissioner
Mendenhall, Mississippi

Dear Mr. Smith:

This will acknowledge receipt of your letter of July 3, 1959, wherein you propounded the following:

"The 1950 session of the Legislature passed Senate Bill 511 requiring the State Highway Department to build a toll bridge at Bay St. Louis and Pascagoula, Mississippi. Please advise me if a Highway Commissioner has authority under this bill to free the toll on said bridges."

Please be advised that under Senate Bill 511 of the 1950 Session of the Legislature, being Chapter 406 of the laws thereof, a trust indenture was entered into by and between the State Highway Commission, the designated trustee, and the bond holders. Under the terms of the statute and the trust indentures involved, the only means for retiring the bonds provided for under said act is through the collection of tolls. There is no authority for the freeing of said bridges from tolls by the State Highway Commission or any other political entity of the State of Mississippi.

Answering specifically your question, please be advised that under the terms of the Act a State Highway Commissioner has no authority to free the tolls on said bridges.

Sincerely Yours,
JOE T. PATTERSON, ATTORNEY GENERAL
By [s] Matthew Harper, Jr.
Assistant Attorney General

MHJ:R"

THE LEGISLATURE IS THE ONLY BODY THAT CAN FREE THE TOLLS

The legislature required the tolls to be put on. Only the legislature can take them off. The toll bonds and interests are being paid off by the collection of tolls from those who cross the bridges. Under the present law it will continue this way. With a majority approval, the legislature could pass a law requiring the State of Mississippi to take over the bonds. They attempted to do this in the beginning, but failed to get sufficient support to pass the measure. They accepted what they could get passed--not what they really wanted passed.

TOLL BRIDGES -- A POLITICAL ISSUE FOUR YEARS AGO, AND AGAIN NOW

You have heard many statements and rash promises about the freeing of tolls on the Pascagoula and Bay St. Louis Toll Bridges. These bridges became a political issue four years ago, and now they have again been injected in this and other political campaigns on the Coast.

A candidate for Highway Commissioner from Pascagoula, Jackson County, told the people in a speech at Pass Christian Sunday afternoon, June 28, that the present Jackson County Representative, introduced a bill in the legislature to free the tolls on the Pascagoula River Toll Bridge, and that I, as your Highway Commissioner, killed the bill in the legislature.

The bill to which this candidate referred was House Bill 54, introduced in the legislature on Jan. 19, 1956, by the Representatives from the three Coast Counties. It is a matter of record that this bill would have contributed nothing whatsoever to the freeing of tolls on the Pascagoula Bridge.

The bill offered no change in the existing financing of the Pascagoula toll bridge. It provided no money with which to pay off the bonds--and until this is done, there will be no legal way in which the bridge can be freed.

As for this candidate's statement that I had the bill killed in committee, it is an outright falsehood. I have polled every member of the legislature, and I have copies of letters from them in which they state that I did not talk with them in ANY way regarding the bill. These letters are in my possession and are available for inspection by any one.

You can not argue with records--only with men who try to distort them for personal gain.

Faithfully yours,
JOHN D. SMITH

Man's Best Friend

Wise old Ben Franklin said, "A man's three best friends are an old wife, an old dog and some ready cash."

When a man really needs money and hasn't any, most of his friends become fair-weather friends, and that's when a little money becomes a man's best friend.

In a recent stockholder's survey, among the millions of persons owning stock in various corporations, it was found that 81 percent of these shareholders own life insurance, 68 percent own their homes, 59 percent own U. S. Bonds, 80 percent have savings accounts and all had some cash.

Any experienced broker will tell you that a cash reserve in the bank is one of the most satisfying of all investments, for it brings that peace of mind and feeling of financial independence so essential to human happiness.

These are prosperous times. Seldom, if ever, has business been better and wages higher. It is in such plush

periods that the wisest of us put by something for that uncertain future.

There are at least two schools of financial thought just now. One believes that this prosperity is permanent—that we'll never see hard times again. The other school of thought believes that depressions are inevitable, that good times and bad times flow as the tides and the return of the seasons.

As far as men dip into their financial past, they find that our kind always has had its ups and downs, its fat and its lean years.

It is still reasonable to believe that if one lives long enough he will need a little money, and a friend in need truly is a friend indeed.

Whether it is cash needed to take advantage of some financial opportunity or money to meet some unforeseen financial emergency, be prepared for both by putting by a portion of your prosperity for the leaner times that always come when we least expect them.

FOR CONTINUED HIGHWAY PROGRESS IN HANCOCK COUNTY

THE JOHN D. SMITH PLAN

The drawing above shows details of a proposed Hancock County highway plan as released today by Highway Commissioner John D. Smith.

For Hancock County, John D. Smith, your Highway Commissioner for the Southern District, proposes the following five-point program based on sound engineering principles, to promote the future development of Hancock County and the Mississippi Gulf Coast.

1. THE IMMEDIATE REBUILDING OF THE KILN ROAD INTO A MODERN HIGHWAY FACILITY. This highway will provide a new gateway to the Coast for tourists, and at the same time, expand the trade area of Bay St. Louis by an improved highway connection with the northern part of the county. The survey has been made on this project, and plans are being drawn. JOHN D. SMITH PROPOSES TO AWARD A CONTRACT NEXT SPRING.
2. EXTENSION OF FOUR-LANING ON HIGHWAY 90 TO THE JUNCTION OF HIGHWAY 43. This will not only fill an urgent existing need, but will fit into the plan for coordinating the Hancock County highway system into the new Interstate System which will be built during the next several years. JOHN D. SMITH PLANS TO PROGRAM THIS PROJECT FOR SURVEYS NEXT SPRING WITH ACTUAL CONSTRUCTION TO BEGIN AS SOON AS PLANS ARE COMPLETE.
3. GIVE HANCOCK COUNTY MAXIMUM BENEFIT OF NEW INTERSTATE HIGHWAYS. Interstate Route 10, paralleling Highway 90, will go through Hancock County. Interstate 59, paralleling Highway 11, will be close enough to be of great benefit, provided these highways are properly co-ordinated with existing highways 43 and 603. JOHN D. SMITH PROPOSES TO SEE THAT THIS IS DONE.
4. BUILD FOUR-LANE CONNECTION ON HIGHWAY 43. Traffic studies show that construction of a four-lane connection on Highway 43 between the new Interstate 10 and Highway 90 will continue to funnel tourist traffic through coast resort areas after the Interstate is completed. With the appeal of "The Old Spanish Trail" and "The Coastal Scenic Route", coupled with a direct four-lane connection at Highway 43, present Highway 90 should become the most highly-developed tourist route in the South. JOHN D. SMITH PROPOSES TO BUILD THIS DIRECT LINK AS SOON AS THE INTERSTATE IS BUILT.
5. ADEQUATE INTERCHANGES ON NEW INTERSTATE. The benefits of increased traffic on new Interstate routes to any area will depend upon the location of interchanges. Hancock County is fortunate in having two North-South highways intersecting the new Interstate 10. JOHN D. SMITH PROPOSES TO BUILD ADEQUATE INTERCHANGES ON INTERSTATE HIGHWAY 10 TO PROVIDE FREE MOVEMENT OF TRAFFIC TO OR FROM HIGHWAYS 43 and 603.

These plans are the result of careful study and sound engineering. They are not the wishful thinking of political opportunists.

If you want a sound program for your County and the Gulf Coast Area, vote to re-elect John D. Smith your Highway Commissioner.

Trapani and Georgi Share First Place

Trapani's John Lader closed out a rallying, Georgi, on S-4 Thursday night, taking first place with the best score in the Bay of St. Louis.

The Georgi team, led by S-5 until the last of the seventh, with two e u s backing them against the wall, rallied and tallied four r u s before an anxious Trapani crew could get the first one.

Also on the card Tuesday night was Southern Realty which beat out Scheffel 7-5.

Sunday Game Policy Set

Parke and Playgrounds commission, Southern Realty team managers and sponsors held a "policy making" session Monday with Mayor John Scalfide and Commissioners J. Cyril Glover and Warren Traub.

The meeting arose as the result of a controversy between a team sponsor and Mrs. Theo Tudary, Parke and Playgrounds chairman, July 5. The sponsor argued that league rules called for postponed games to be played on Sunday nights and under that rule they should be allowed to play.

Mrs. Tudary contended games were not to be played on Sunday night when some other activity of community interest such as a church fair on the American Legion beach party over the Fourth of July conflict.

Mayor Scalfide and Commissioner Glover had ruled that due to the misunderstanding of the rule, the teams should be allowed to play that night.

The decision arrived at Monday night was that all teams playing on the Carroll Ave. field are under the supervision of the Parke and Playgrounds Commission and will be allowed to play make up games Sunday nights providing there is no other community interest activity from which the games would detract.

Regularly scheduled games will continue to be played on Tuesdays, Thursdays and Fridays.

Lang, Spence Win at Golf

Mrs. Jack Lang won the selective holes tournament on ladies day Tuesday at Pass Christian Isles Golf Club. She posted a net 17 on the four holes chosen for the nine-hole round, Nos. 3, 4, 6 and 9. The putting prize went to Mrs. Cary Spence who used 15.

The June ringer tournament went to Mrs. John David with a net 61 for 18 holes.

Others competing and enjoying luncheon later were Mesdames John Griffin, Ed Gannard, Walter Russo, Guy Budkin, Lester Walters, John McDonald, Jim McDonald, Orlis Winard, S. P. Borden, Phillip Luzzia, Joseph Bellehammer, William Lunge, Robert Beck, A. R. Reese of Ft. Worth, Tex., Charles Deuchert of New Orleans, Charles Dickinson of Huntsville, Ala., and Miss Maud Frye.

Luncheon hostess for next Tuesday will be Mrs. Budkin.

Oriole Tryouts Set

A two-day tryout school will be conducted in West Point Friday and Saturday under auspices of the Baltimore Oriole Baseball Organization. Young baseball players from Mississippi and Alabama are invited to be present.

Shoulda Gone Fishin'

By DAVID WEBB

Crabbing, a great sport along any coastline, is also one of the most popular fishing sports on the Gulf. Crabbers from 2 to 92 will be found along the shore, casting their nets for the strange scuttled creatures whose meat is such a delicacy.

Tourists will find this to be one of the most enjoyable advantages of a vacation on the coast. Crabbing is by far one of the least expensive forms of fishing. A crab net can be bought for as little as 50 cents, which fish heads, mackerel scraps or almost any kind of meat that can be tied to the net for bait and a small rope for hauling the net in, the crabber is in business. The crab "times" best when the water is slightly choppy and of course at high tide. To all you tourists and natives too, we recommend for a hang up time—go crabbing.

A new feature we will have in the column this and every week is a tide table as compiled from information of the U. S. Coast and Geodetic Survey.

Lamar Switzer, game warden supervisor, reported this week that he recently put 130,000 green trout in Bayou La Croix. Want a mackerel, they were only one and a half to two inches long.

In addition, over a period of time this summer Switzer expects to release about 28 turkeys within Hancock County. Joe Nordman of Montgomery, Ala., and his son caught a good string of croakers near the bridge this week.

Herbert Wise, Sam Scalfide, Bill Graetz and son, Billy, from Chicago, Robert Gemin and son Robert Jr. and A. G. Dantagan caught 79 specks averaging three and one half pounds and a five and one half pound mackerel Friday of the Telegraph Key.

August Vassalli and Tubie Nacelle caught a "sackful" of mullet off the American Legion shell pile Monday using a cast net.

James Taconi said that a tourist from Purvis caught 50 speckled trout using shrimp near the railroad draw Tuesday morning.

Sideline Club Readies Inboard Regatta Plans

A steering committee for the inboard power boat sanction race composed of members of St. Stanislaus Sideline Club and Bay-Waveland Yacht Club met Friday night in the St. Stanislaus cafeteria to complete details for the July 26 race at BWYC.

The New Orleans Power Boat Association will officiate the five classes and 10 heats of inboard races, according to Carlos Lozano Jr., chairman of the Sideline committee. Lozano said that the race is sanctioned by the National Power Boat Association, and the drivers will be competing for national ratings. The boats powered by 44 to 266 cubic centimeter engines are numbered with their last year's rating. A US 2 would denote that the racer was classed as the second top racer in the U. S. at season's close last year.

According to Marcinio Treilles, BWYC representative at the meeting, the five classes racing will be 44cc, runabouts which use an austin engine, 48cc runabouts

using a model A ford engine, 135cc with a 1934 V-8 engine, 266cc using a late model V-8 engine and the D and E service runabouts on which there is no engine restriction.

The race will be run in two heats on a 2.5 mile course with two laps for each heat. Treilles said the best average of two heats by the same boat will win in the class.

Films of racing at Nassau in the Bahamas were shown by Brother Constantius S. C. who acted as host for the meeting. Treilles gave a dialogue of the film and pointed out winners and local people in the Nassau race.

Lozano said the Sideline Club hopes to make the race an annual affair in Bay St. Louis as it will attract many visitors to the area for the all-day competition. The Sidelines are a group of men interested in promoting the athletic program of St. Stanislaus which has the only football stadium in the area.

Money made on the race will help finance a \$6,000 improvement program for the stadium. One side already has been equipped with steel bleachers and that if the goal of \$6,000 can be reached soon the other side can be completed by football season.

From Page D might be "a little out of proportion" and worthy of study. Kellier questioned the wisdom of asking new editor Mrs. C. C. McDonald, board chairman, observed she wanted to be clear on insurance before permanent disposition is made of several school buildings no longer in use.

Mrs. McDonald asked that the board's remarks be left the record on this matter, saying she did not object to action being printed in the newspapers but thought discussion was not warranted. Pres. observed that if the board could not be free to talk it would simply have to go into executive session.

The board members Stannard and Co. of a dangerous condition discovered at a 500 gallon drum was in the school grounds when the property was inspected last week by D. J. Martin, temporary supervisor, before it was turned over for use by the Community Center Organization there. Stannard was told to take immediate safety precautions and to have a state inspector check the same.

The board recessed to 1:30 p.m. Monday.

Hancock County's 4-H Club Dairy judging team placed first in state competition at Mississippi State University Wednesday, according to County Agent Howard F. Stannard.

This is the first time any county judging team has ever won a first place in the state Stannard said.

Team members Carl Mc-

an Jr. of Kila, George Henson of Leesport, Jan Harrell and Charlie Smith, both of Sellers, will represent Mississippi at the National 4-H Club Dairy Judging Contest at the National Dairy Congress at Waterloo, Iowa, in late September.

The team was coached by John Smith, assistant county agent, who will accompany them to Iowa.
